RESTORED TO HEALTH

BY THE USE OF

Ayer's Sarsaparilla

Mrs. M. A. Cumming, of Yarraville, Victoria, Australia, says:

"About a year ago, I had a severe attack of influenza, which left me very weak, without energy, appetite, or interest in life. Obtaining little or no relief from doctors, or from the many remedies recommended to me, I finally tried Ayer's Sarsaparilla, and from that time, I began to gain health and strength."

I continued the treatment until fully recovered, and now have very great pleasure in telling my friends of the merits of Ayer's Sarsaparilla, and the happy results of its use. I consider it the best blood-purifier known."

RELIEF FOR HAWAIIANS

LIST OF THOSE WHO SUBSCRIBED TO DATE.

Branch Relief Stations Opened—Other Matters of Interest Concerning the Work of the Committee.

Through the courtesy of Messrs. George H. Fairchild and F. W. Macfarlane, the Finance Committee of the Ladies' Relief Society, a representative of this paper gained much information about the valuable and necessary work that is being done by the committee in feeding an average of 2000 poor natives daily.

Their efforts, however, would not have been of much avail, had they not been seconded most nobly and generously by the citizens of Honolulu, irrespective of nationality and politics.

The splendid work done by the two gentlemen who have given their whole time and best efforts to the financial part of the committee's work is best shown by the subscription list which they have circulated, and which is still open at the office of the Union Feed Company. The following is a copy thereof, containing a complete list of the donors up to 1 o'clock this afternoon:

THE SUBSCRIPTION LIST.

In view of the fact that cholera is becoming more and more prevalent each day and that sooner or later many of the poorer classes of Hawaiians will be in sore distress, it has been thought best by many prominent people to circulate a request for voluntary subscriptions to form a fund that may be placed in competent hands to purchase food and clothing for all those whose condition may be worthy of the same.

Therefore we the undersigned do pledge ourselves to subscribe the sum set opposite our respective names for the purposes above stated.

In connection with the above list, it will be noticed that the name of Bishop & Co. does not appear therein. To prevent any erroneous impression in the matter the committee volunteer the information, contrary to Mr. Damon's wishes, that that gentleman is supporting a large number of indigent natives at Moanalua and elsewhere from his private purse, and is daily killing cattle and purchasing flour for that purpose. The committee wish it known that Mr. Damon is daily contributing a large amount in this manner.

It will be noticed in the above list that only one prominent business house in the city is not down.

In addition to money contributions the following additional ones have been gratefully received:

John Nott, a large quantity of tin cups and miscellaneous tinware, which was exceedingly acceptable.

J. J. Williams, order for 200 loaves of bread.

Love's Bakery, order for 200 loaves of bread.

Luther Wilcox, one hundred pounds of poi daily.

Metropolitan Meat Company, one hundred pounds meat daily.

E. A. Williams and Union Feed Company each give the use of a horse and delivery wagon daily.

Henry Davis, ten pounds of tea daily, besides a quantity of provisions.

Hollister & Co., a quantity of medicines, etc.

Woodlawn Dairy Company, milk.

Theo. H. Davies & Co. have rendered the committee great assistance by detailing two of their clerks to attend to the necessary correspondence of the committee and furnishing all the stationery, etc., needed. These two gentlemen give their whole time to the work of the committee.

A number of people have contributed a much needed supply of lard tins and other suitable containers for poi, etc.

Arrangements have been perfected this morning by which a depot of the society is established in each of the sanitary districts, presided over by an agent of the society. Names of all needy Hawaiians will be taken down at these stations and food delivered without requiring the applicant to come into town. These stations are at the following places:

1—Mrs Morris Keohokalole, Oahu Railway Depot.

2—Mrs J. Nawahi, Nawahi residence.

3—J A Victor, Nakuina's, Liliha street.

3½, 4, 5, 6, 7 and 7½, at headquarters on Bethel street.

8—Mr Kamiki, Keohiki residence, Kakaako.

9—Mrs Mahelona, Rifle Butts.

10—Mrs S Douglass, Bowen's residence, Kapiolani Park bridge.

10½—Mrs H Hiram, Kamoiliili school house.

11—Wm Auld, Waiatae.

12—Judge Perry, Palolo valley.

13 and 14—Mrs Makanoa, Government nursery, King street.

15—Charles Booth, residence Pauoa.

16—Native church, Wyllie street.

SANITARY COMMITTEE.

IT STILL HAS PLENTY OF WORK BEFORE IT.

New Rules Issued to Sub-Inspectors this Morning—Synopsis of Some of Their Reports.

Judging from the reports sent in to the Central Committee yesterday by the twenty-one inspectors who are working under the direction of the committee, much remains to be done before the work of cleansing the city can be termed complete.

A glance at these reports show a state of affairs existing that would not be permitted in any decent city, let alone one with the pretensions of Honolulu. And if the names of the parties who are to blame were published, the reader would find that the landlords are largely to blame, as among those presented yesterday are well-known capitalists, business men, members of the legislature and that class of people usually denominated "other prominent citizens."

One inspector out towards Waikiki reports a house with dead pigs, dogs and chickens lying under it, another from the neighborhood of Iwilei that hogs are allowed to roam along the beach and feed on crabs, and another that the health of the inmates of a house is endangered by storing rotten potatoes under it. Foul water-closets, privy vaults, cess-pools and urinals are reported all over town, and a closer inspection keeps bringing others to light. Another prominent cause of complaint is badly kept pig-styes.

Every one of these complaints is investigated and attended to as fast as possible, but the committee has its hands full for many a day yet.

Inspector C. M. Hyde, who has the district bounded by Beretania, Hotel, Nuananu and the stream, recommends the condemnation of all the wooden buildings therein, as they are a menace to the health of the city. The brick premises of the Von Holt property in the district are reported as presenting a pleasing contrast to the other properties.

Inspector W. F. Dillingham reports much distitution in his district. He distributed sixty pounds of beef and ten gallons of poi among the needy yesterday.

The following instructions were issued to all sub-inspectors this morning.

1. Sub-Inspectors are requested to have their reports finished before 11 a. m. and 5 p. m.

2. Sub-Inspectors are requested to hand in a revised census report of their apanas, showing how many of each nationality are on their books after their afternoon round on the 11th inst. (today.)

3. Sub-Inspectors are expected to inspect each room in the house visited at least once a day.

4. Sub-Inspectors will take particular care to complete their census returns as far as possible by recording the age and nationality and sex of all persons in their apanas as fast as they can be obtained.

5. Sub-Inspectors will please leave a list of the names of all on their books who have never been seen by them since their inspection began, stating their occupation and location.

I have just opened at my store, Waring Block, what is probably the most complete line of light flannel overshirts ever offered in Honolulu. Prices range from 50 cents to \$2.00. L. D. Timmons.
